

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Washington D.C.

**Administrator's Mission to Italy**  
**June 7-13, 2017**

**Delegation Tour of the Sistine Chapel Air Filtration System  
and Vatican Solar Panels**

**DATE:** Friday, June 9, 2017  
**LOCATION:** Sistine Chapel (TBC)  
**TIME:** 12:30 p.m. (TBC)

**I. Purpose**

- *[To be provided by U.S. Embassy to the Holy See]*
- The Sistine Chapel air filtration system was designed and installed by U.S. company Carrier, a subsidiary of United Technologies.
- Then-Administrator McCarthy toured the system in January 2015.

**II. Key Asks or Messages**

- It is a pleasure to meet you. I appreciate your taking time from your busy schedule to provide a tour of the Vatican systems that protect the environment.
- *[Key messages to be provided by U.S. Embassy to the Holy See]*
